Croatian Team T4DATA Experience

Rome - November, 2019

MAIN OBJECTIVE OF THE PROJECT

- to provide support for training of SAs and the (future or current) DPOs of public bodies on the practical implications and possible interpretations of the GDPR.
- Actions:
 - organizing transnational and local training activities;
 - organizing and implementing webinars/educational platforms;
 - preparation of the Handbook as a part of training materials of the project in training-of-trainers programme.

The DPO Handbook

Educational platform Webinar

➤ On November 11th:

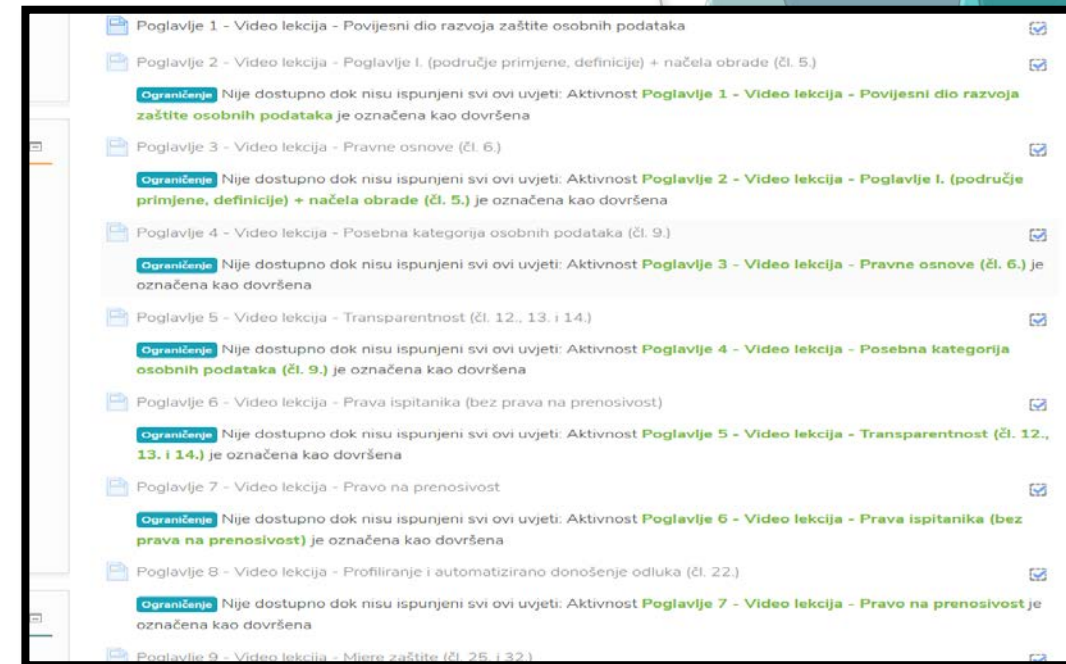

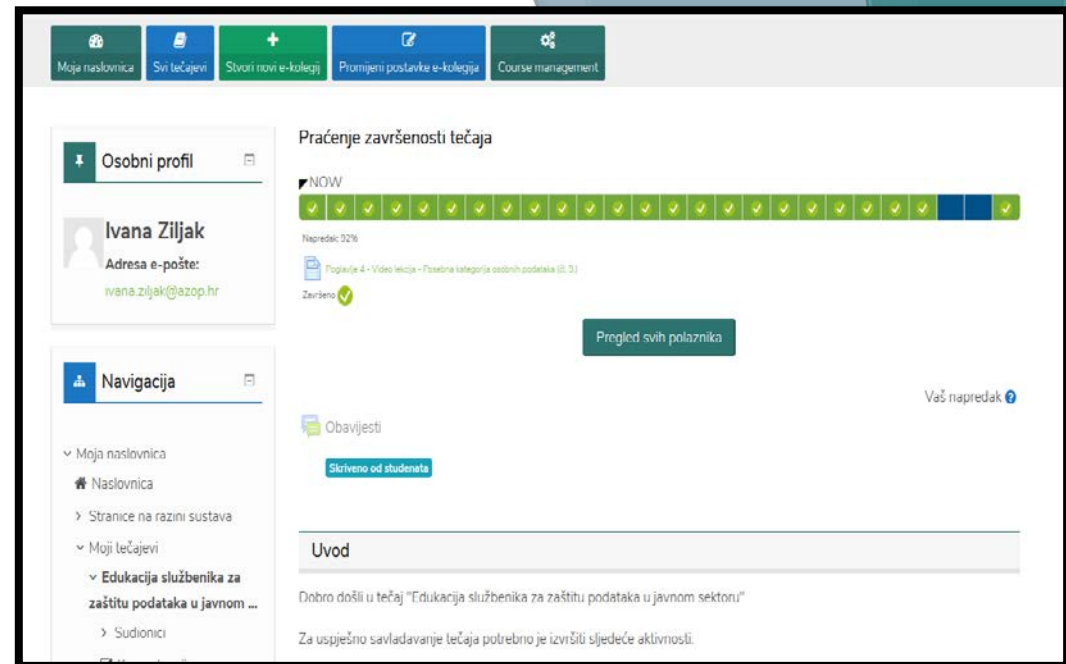

- **706** registered participants
- **90** of them have taken the test of knowledge
- **43** successfully completed the course

Educational platform

To successfully complete the course, the following activities are required:

1. Review recorded modules according to a predefined schedule
2. Review the training related to
Part 1 - Legislative Framework
Part 2 - Tasks of the Data Protection Officer,
Part 3 - Sectors (optional)

3. It is necessary to pass a test consisting of 15 questions (60% of correct answers are required for passing)

The screenshot displays a web-based test interface. On the left, three question cards are visible: 'Pitanje 6', 'Pitanje 7', and 'Pitanje 8'. Each card indicates 'Nije još odgovoreno' (Not yet answered) and 'Broj bodova od 1,00' (Number of points 1,00). The main area contains the questions and their options. Question 6 asks about the provider's obligation to provide information on data processing. Question 7 asks about the executor of the processing. Question 8 asks about the evidence of processing activities. On the right, a 'Navigacija u testu' (Navigation in test) sidebar shows a grid of 15 question numbers, with questions 13, 14, and 15 highlighted. Below this is a 'Završi test' (Finish test) button and a 'Započni novi pregled' (Start new review) button. Another 'Navigacija' sidebar on the far right lists various menu items like 'Moja naslovnica', 'Stranice na razini sustava', 'Moji tečajevi', 'Edukacija službenika za zaštitu podataka u javnom', 'Sudionici', 'Kompetencije', 'Ocjene', 'Opći dio', and 'Uvod'.

4. At the end evaluation questionnaire must be completed

The screenshot shows the 'T4DATA Evaluacijski upitnik' (T4DATA Evaluation questionnaire) form. It starts with 'Vrsta: Anonimno' (Type: Anonymous). There are input fields for 'Spol' (Gender) with radio buttons for 'Ž' (Female) and 'M' (Male), 'Dob (0 - 100)' (Age), and 'Naziv radnog mjesta' (Job title). Below these, a section titled 'Molimo Vas da ocijenite sljedeće značajke seminara:' (We ask you to rate the following features of the seminar:) contains three rows of evaluation items, each with a 5-point scale from 'Jako dobro' (Very good) to 'Jako slabo' (Very bad): 'Teme i sadržaji' (Topics and content), 'Govornici' (Speakers), and 'Organizacija' (Organization). Another section titled 'Molimo Vas da ocijenite u kojoj mjeri Vam je seminar pružio mogućnost da učinite sljedeće:' (We ask you to rate to what extent the seminar gave you the opportunity to do the following:) contains three rows of evaluation items, each with a 5-point scale from 'Nimalo' (Not at all) to 'Izuzetno' (Exceptionally): 'Razmjena primjera iz prakse' (Exchange of examples from practice), 'Sakupljanje korisnih informacija za Vaše područje rada' (Gathering of useful information for your work area), and 'Usvajanje novih vještina' (Acquisition of new skills). The final question is 'Kako biste ocijenili nivo suradnje i razmjene informacija među sudionicima tijekom trajanja seminara?' (How would you rate the level of cooperation and exchange of information among participants during the seminar?), with a 5-point scale from 'Jako slabo' (Very bad) to 'Jako dobro' (Very good).

Finally, each participant who has completed **all previous actions** receives a confirmation on successfully completed training/education T4DATA.
